

## **Easter Parade**

Written by Irving Berlin

C            G7            C                    F  
In your Easter bonnet with all the frills upon it  
                 C                    G7            C            Am            D7            G7  
You'll be the grandest lady in the Easter parade  
C            G7            C                    F  
I'll be all in clover and when they look you over  
                 C                    G7                    C                    D7            G7            C  
I'll be the proudest fellow in the Easter parade

                 C7                    F                    Am                    D7  
On the avenue Fifth Avenue the photographers will snap  
us  
                 G                    F                    Em                    G  
And you'll find that you're in the rotogravure  
                 C                    G7                    C            C7 F                    Dm  
Oh I could write a sonnet about your Easter bonnet  
                 C                    G7                    C                    D7            G7            C  
And of the girl I'm taking to the Easter parade

**Repeat 1x from top**
